

TEACHER HONORED . . . Mrs. Pearl Hebert, Towers Elementary School, was one of 28 Torrance school employees honored last week for 10 years service to the district. All received pins at a special breakfast. Shown pinning on a corsage presented by her last year's room mother is Personnel Director Robert Morton.

Traffic Safety Council Opens School Campaigns

The Torrance Traffic Safety Council, in cooperation with the Torrance Parents-Teachers Assn., today launched its "Back to School" safety campaign. The theme of the campaign is "Schools are Open — Be Extra Alert."

More than 26 thousand Torrance school children are returning to school this week. The Torrance Traffic Safety Council is initiating a program for their benefit emphasizing pedestrian safety.

The Safety Council is issuing bumper banners stating the theme of the program, which will be issued to any and all interested individuals and organizations. These bumper

Fair Exhibiting World Famous Homes, Castles

Eighteen world famous homes have been selected for display at the "Greatest Homes on Earth" exhibit at the Los Angeles County Fair, Sept. 16 through Oct. 2.

Chosen for showing, in the \$100,000 exhibit, were The White House; Mount Vernon; Monticello; log cabin birthplace of Abraham Lincoln; Governor's Palace, Williamsburg, Virginia; Mesa Verde National Park Indian Cliff Dwelling; San Simeon; Betsy Ross House and Asbestos-Cement Products Research House in the United States.

BUCKINGHAM Palace; Windsor Castle; the cottage where Shakespeare courted Ann Hathaway; and Holyrood Castle in Great Britain; The Palace of Versailles and Chateau of Fontainebleau in France; the Alhambra and Alcazar Castle in Spain and Castle Neuschwanstein in Germany.

The exhibit will display great homes of the past, sites of many of the most notable events in history, and examples of research homes which foretell the possible design and construction of home in the future. Don N. Schneider, president of the Building Contractors Assn. of California disclosed. The BCA is sponsoring the exhibit with the cooperation of the Southern California Gas Co. and the Southern Counties Gas Co.

"FAIR VISITORS will have an opportunity to compare castles built in the 14th century with the modern homes here in southern California displayed by leading builders in this area," Schneider said. "Given a choice, I am certain most families would choose the comfort and convenience of a present day home."

Live demonstrations and films will be presented continuously on two stages and newest models of gas appliances and equipment will be displayed around the perimeter of the building.

On Vacation
Mr. and Mrs. William Benner, 1715 Shilling Dr. left Thursday for a vacation at Lake Tahoe.

Coffee Charges King Practices 'Rubber Stamp Representation'

"This district's absentee Congressman, Cecil King, offers taxpayers only rubber stamp representation, a poor substitute for initiative towards eliminating outmoded World War II excise and transportation taxes", Tom Coffee, nominee for Congress in the 17th Congressional District, this week told members of the Exchange Club at the Palms Restaurant in Torrance.

"I would propose legislation for a \$2000 annual tax allowance for students working their way through college or trade school as well as introduce a bill raising the present \$800 dependency allowance to \$900.

"It is time we had representatives in this 17th District, the nation's largest in voting population, who will attempt to accomplish things the public desires, not someone who hands us lame excuses and empty form letters for their huge wasteful expenditures on their pet pork barrel projects.

"There is no logical reason why automobiles and accessories,

telephones, billfolds, and everything in a woman's purse including the purse, should continue on as luxury items 15 years after the war. Neither should taxes on travel continue.

"One glaring discrepancy is there is no tax on cologne bottled for men, only for women. Perhaps several of our Congressmen desire to smell nice, tax free, after passing some of their bills.

"IF THERE is no legislation introduced opposing these unfair taxes, they will continue endlessly. In fact I am for a complete overhaul and reform of our entire tax system at all levels.

"Democrats and Republicans alike should elect a man for this district who will reactivate representation for all of the people with a program of action. Continually returning Mr. King to office has made him feel his post is guaranteed and consequently against this election, he will not bother to tell you, the voter, where he stands on vital issues.

"HIS RECORD shows he has voted to increase the government's national debt limit by 13 billion dollars, voted to postpone the interest payments from Britain, and then in essence, turning around and penalizing the veteran by voting to increase the interest payments from 4% to 5% per cent.

"He has voted for a \$500,000 appropriation for the eradication of water lilies. King voted for this, as he does most appropriations, without question if the job could be done for less. It appears he is more interested in the water lily than in the welfare of the veteran.

"ANOTHER EXAMPLE of his legislative judgment. He has become deeply entangled and under obligation to special interests at the expense of all of the people in this district, not just the voters in this district. Where do we stop the gravy train for Mr. King?" Coffee asked.

Coffee is an electrical engineer of Westchester. He is a graduate of the University of South Carolina and the University of Southern California. He is a family man with four children, a member of the Westchester Methodist Church, active in YMCA activities, and a member of the American Legion. He is also a veteran of World War II.

Teaching Class Opens Tomorrow

The fall teacher training program of Child Evangelism Fellowship will begin tomorrow evening with a meeting from 7 to 8:30 at the home of Thomas Long, 2538 W. 167th St.

A second class will begin on Tuesday at 10 a.m. at the First Baptist Church of Torrance, 2118 Carson St. It will run until 11:30 a.m.

The two classes, meeting each Monday evening and Tuesday morning, will feature a series of lessons on "The Life of Christ." Visualized songs, Bible verses, and other teaching aids will be demonstrated.

A nursery is provided for the day class, and there is no charge for the training, according to Ethel Long, director of the program.

Harbor Bar Meeting

The Harbor Bar Assn. will meet Friday, Sept. 23, at the Tasman Sea to hear Irving H. Green, Los Angeles attorney, discuss the preparation and trial of air crash cases.
